IAA Food Distribution Schedule

For the 2020-21 school year, IAA will be implementing a "grab and go" breakfast and lunch program. Please read the following to better understand what that means for your child.

Breakfast

When exiting the building at the end of each day, students who are attending school on the **"hybrid learning model,"** will have the opportunity to grab breakfast from a cart placed at designated exits of the school. This will be your child(ren)'s breakfast for the following morning. However, as a reminder, breakfast will not be provided during the first week of school. For days when students are not in the building, families will have the opportunity to pick-up the remaining days' worth of breakfasts, during the day and time designated below.

Students following the **"virtual learning model,"** will have the opportunity to pick-up a week's worth of breakfasts, during the day and time designated below.

Lunch

In an attempt to mitigate the spread of COVID-19, and to minimize movement within the building, lunches will be served in the classrooms to those students who will be attending school under the **"hybrid learning model"**. Students will remain in their classrooms during their designated lunch times and take their lunches from a designated food cart. Students will then return to their desks and remain seated. Masks may be removed once students are seated at their desks.

For days when students are not in the building, families will have the opportunity to pick-up the remaining days' worth of lunches, during the day and time designated below.

Students following the **"virtual learning model,"** will have the opportunity to pick-up a week's worth of lunches, during the day and time designated below:

Food Distribution Schedule

Food Pick-up Schedule		
Group	Pick-up Day	Time
Cohort Blue (A-L)	Wednesday	12:00 - 3:00
Cohort Grey (M-Z)	Wednesday	12:00 - 3:00
Virtual	Wednesday	12:00 - 3:00

****Food pick-up occurs at the back of the school building, outside of the gymnasium entrance.***
